SNOW EXPLORER

SNOW explorer is the new magazine in the Netherlands and Belgium for the recreational winter sports enthusiast who is looking for new experiences and adventures in the snow. The magazine is published twice a season, both in print and digital magazine, and is distributed to subscribers, through kiosk sales and via collaborating partners.

SNOW explorer is a special interest magazine for winter sports enthusiasts who are not after performance, kilometers or speed, but for winter sports enthusiasts who want to enjoy themselves and are looking for unique experiences that leave longer lasting memories. 'Explorer' indicates the mindset of the target audience, title, inspiration, information and recommendations. Therefore the focus of each article or section is 'exploring': new(-s), discovery, experience.

SKI'S AND OTHER EQUIPMENT

SNOW explorer doesn't just focus on piste skiing. From winter hiking, snowshoeing, cross-country skiing to ski touring are covered. But certainly also the other activities that lead to special experiences in the attractive, seasonal snow landscape. Snowbiking, skating, toboggan, balloon rides. The magazine naturally focuses on the latest winter fashion, materials and gadgets. In each issue product information incl. testing is included. Extensive test data become available through collaborations with colleagues from *Ski&Berge*, published by Deutsche Ski Verband, and *Outdoor*, published by Motor Presse Stuttgart.

THE DESTINATIONS

SNOW explorer wants to inspire and stimulate it's readers to especially enjoy everything that the beautiful snowy landscape has to offer in the winter months. The articles focus on the most beautiful areas in Europe. These countries form the core of *SNOW explorer*. This does not mean that the editors ignore a beautiful region in Canada or the USA.

TARGET AUDIENCE

The reader of *SNOW explorer* lives in the Netherlands or Flanders and is a **recreational winter sports enthusiast** who's main interest is to enjoy the time-of in the snow tot he max. He/she goes ' into the snow' 1-2x per season. With partner, family and/or friends, colleagues. The stay is characterized by activities. During these days he/she wants to experience and enjoy as much as possible. Experiences that become beautiful memories and can also be shared afterwards. The target group is open to inspiration and information that can make this stay (even) more beautiful and better. Both in terms of activities and materials.
